FUNCTIONS

- Alluminium **frame** with a non-toxic epoxy varnish finish
- Washable special fireproof plastic **covering**. It allows an excellent perspiration and it's highly wear-resistant. The sufficiently elastic covering adapts to the shape of the shoulders and of the bottom
- Padded winding **headrest** separated from the backrest and adjustable in tilt, height and in the front and in the back position.
- Retenitive **backrest**, it can be fixed in 2 positions in order to have the seat adjustable in depth (2 different ones). Tilt adjustable thanks to the back rack locking.
- **Seat** with a 15° tilt, in order to prevent the user from sliding forward.
- Detachable and turning **sideways sides**, in order to facilitate the user's transfers
- **Legrest** adjustable in tilt
- One only overturnable **footrest**, in order to help the approach of the operator, the sitting and the getting down of the user.
- Unpiercerable **wheels** 12 cm, back wheels with brake.
